TAMPA, Fla., Merch 16.—The Chicago National league club is here bag and baggage for the usual spring training Nearly all of the regulars have arrived and those not here are on the way, according to telegrams received. A big flock of recruits garnered from the ends of the earth by the watchful scouts also has arrived; in fact, they were on the job long before any of the regular club members put in an appearance. The photograph shows the team lined up on the beach, and above is depicted the string of pitchers warming up in the warm Florida sunshine.

HARVARD UNIVERSITY is taking up lacrosse, the great Canadian game. They have secured Art Warwick, of Toronto, as coach but some of the press agent dope that is being sent ahead of the team on its western tour is misleading, to say the least. Warwick was not the highest paid player in the game last season or any other season, nor are the Torontos the world cham-pions. CLEVELAND is going to ask congress for \$500,000 to build a stadium for the 1916 Olympic games and will ask the state solons to grant \$50,000 for the expenses. That's an easy way of running things. What's the matter with El Paso takin, a hand in the game if some one else will pay the piper?
